

# Dave Pettyes

Chief Executive Officer

Dave Pettyes is the Chief Executive Officer of Advanced Vehicle Assemblies with an accomplished career of more than 29 years serving automotive and technology companies. Prior to Advanced Vehicle Assemblies, Dave was the CEO of Global Automotive Systems.

Dave has been responsible for a broad range of HR disciplines, including organizational development, leadership, and talent development, succession planning process design, global compensation, HR information systems, and labor relations. In his prior assignments, he served as, the Executive Vice President for Global Human Resources at DURA Automotive Systems Vice President and Chief Human Resources Officer for Visteon Corporation. Previously, Dave led human resources for numerous divisions of Delphi Corporation (now Aptiv), including serving in Shanghai, China as vice president of global HR for the largest division within Delphi supporting 120,000 employees and \$8.5 billion in revenue, and leading HR activities for Delphi in the Asia Pacific region.

Dave began his career in HR roles with General Motors Corp. He served in various plant, corporate and divisional positions of increasing responsibility.

Dave holds both bachelor's and master's degrees from Michigan State University.
